From the Engineer-in-Chief, RWS&S, Vijayawada, Lr.No.AEE/ DEE/JJM/ General/2024-25 ,Dated:28.06.2025.

ORDER:

The Government of India has launched 'Jal Jeevan Mission (JJM) in 2019 with the objective to provide safe and adequate drinking water through individual household tap connections to rural households on a sustainable and long term basis. This involves developing in-village piped water supply infrastructure, ensuing reliable water sources and implementing technological interventions for water quality assurance.

2. In Andhra Pradesh, the objective of the Government is to provide every rural household with adequate drinking water (55 lpcd) of prescribed quality on regular and long-term basis leading to improvement in living standards of rural communities as per JJM guidelines. The department of Rural Water Supply is responsible for supply of safe drinking water in rural areas of the State besides providing technical assistance to the Panchayat Raj Institutions in Operation and Maintenance of the Drinking Water Supply Infrastructure.

3. In the reference read above, the Engineer in-Chief, RWS&S, Vijayawada has submitted that, the proposal for continuation of the Jal Jeevan Mission Programme, until December, 2028 with enhanced outlay, focusing on sustainable Operation and Maintenance with a service delivery approach is under active consideration by the Government of India (GoI) and to achieve 100% saturation of tap connections in the State, 24.83 lakh additional tap connections are to be provided.

4. Out of the total approved project cost of Rs. 26,823.94 crores under Jal Jeevan Mission, the balance programme to be completed as on 31.03.2025 is Rs.23,130.19 crores.
